About Me

Fullstack developer with 5 years of experience in React, Next.js, NestJS and Flutter. Technical Lead of a 4-person team and head of the training department. I ship web and mobile products to production (Google Play, App Store) and build AI agents and automations.

Technical Skills

• **Frontend & Mobile:** React, Next.js, TypeScript, Tailwind CSS, Flutter, Dart; Google Play and App Store releases
• **Backend:** Node.js, NestJS, REST, WebSockets, Prisma, TypeORM, BullMQ, Clean Architecture
• **Databases:** PostgreSQL, MySQL, MongoDB, Supabase
• **AI & Automation:** Claude CLI, Gemini CLI, Claude and Gemini APIs, LLM agents, n8n, AI spec-driven development
• **Tools & Process:** Git, Docker, Firebase, Figma / Adobe XD handoff, team leadership, technical training, PMI project management.

Education, Training & Languages

- Psychology, university - 3 years completed (not finished).
- PMI-standard Project Management, Kinetic (2022).
- UX, EducaciónIT (Digit@lers Program).
- Extrados Training Program - SQL, Node.js, NestJS, React (2021–2022).
- Spanish (native), English (advanced).

Experience

EXTRADOS Software Technology - Córdoba, Argentina
September 2021 – Present

Technology Leader (Sept 2023 – Present)
- Lead a team of 4 developers and the Frontend and Mobile department.
- Cut LLM token usage by 1,500+ per query in a dental-courses AI assistant: moved the catalog from a Word file to Supabase and added an intent-detection agent that fetches a single course instead of the full list.
- Publish and maintain Flutter apps on Google Play and the App Store.

Training Department Leader (March 2023 – Present)
- Direct the training department; trained a cohort of 15 fullstack React developers, 6 of whom joined real company projects.
- Teach React and NestJS.

Fullstack Web Developer (Sept 2021 – Sept 2023)
- Built web applications with React and NestJS, working with PostgreSQL, MySQL and MongoDB.

AYI GROUP
July 2022 – August 2023

React and NestJS Instructor
- Taught React and NestJS to 15 students, all of whom completed the program as fullstack React developers.
